## CAREER FOCUS: PROPRIETARY TRADING

“GAMBLING IS ENTERTAINMENT, INVESTING IS BUSINESS” – AUTHOR UNKNOWN

---

### SUMMARY OF QUALIFICATIONS

**An aggressive, success-driven, and highly collaborative entrepreneurial trader with 7 years of experience trading within financial markets.** A disciplined investor with a passion for high-volume trading and a solid understanding of global markets. Skilled in developing and executing highly effective quantitative investment strategies: including systematic trading and correlation high-frequency trading. Deeply committed to the belief that exhaustive research is the key to success in generating superior risk-adjusted returns throughout the market cycle.

#### AREAS OF EXPERTISE INCLUDE

Quantitative Trading • Low/High Trading • Frequency Trading • Intra-Day Trading • Equity Long-Short Portfolio Management • Quantitative Data Analysis • Risk Management • Forecasting / Market Trend Analysis  
Technically savvy; proficient in real-time charting software and a variety of trading platforms

---

### PROFESSIONAL EXPERIENCE

#### ENTREPRENEURIAL TRADER

2003-PRESENT

- Employ probability based logic using valuation models and leading edge technology to gain a competitive advantage in providing liquidity to the marketplace and exploiting market inefficiencies.
- Dedicated two years to building existing trading skills through consultation with industry experts including: John Ehler and Peter Steidmayer; tested new methodologies through sophisticated trading simulators; and attended various trade shows, seminars, and webinars with the goal of learning to become consistently profitable.

#### CAREER HIGHLIGHTS

- **Executed large volume trades resulting in first year profit of \$80 thousand** using automated algorithms, adjusting trading strategies based on market conditions, analysis of post process trade data, optimizing strategy parameters, and researching information relevant to the market.
- **Tripled profits the following year with less short term value trading** having utilized the same strategy but incorporated application of technical indicators with comparisons, inverses, correlations, and defined spread research.

ANNUAL VOLUME	2003	2004	2005	2006	2007	2008	2009
